

Sec. 28-87. - Outdoor lighting standards.

(c) *General outdoor lighting standards.*

(6) Lighting levels shall not exceed five-tenths (0.5) footcandles at any property line adjacent to a residential or agricultural zoned property except for lighting levels produced by pedestrian streetlights or campgrounds. Lighting levels for campgrounds shall not exceed one-one-hundredth (0.01) footcandle at the property line with exception of any entrance on to a public street.
